less we hung it over the edge of the paper.

Model Store for the year ending June 1st,  
1882, amounted to \$46,084.35. Who can  
beat it?

A brilliant meteor was seen here on Tues-  
day evening last. It illuminated the town  
like an electric light, but lasted only a few  
seconds.

Mrs. Abbott of Lawton, has advertised to  
sell her entire stock of millinery goods. Her

resolutions of the Clinton County Grange,  
published in another column, with reference  
to the Burrows patent bill.

The correspondent of the Democrat Repub-  
lican, speaking of the absence of Miss Con-  
from Lawrence, modestly using the plural  
pronoun, says "We shall miss her."

The ladies of the Free Baptist church  
and society, will hold an ice-cream and straw-  
berry social on the court house grounds,  
Tuesday evening, June 27th. All are invited.

We omitted to mention in our last issue  
that our worthy townsman, Mr. Milan U.  
Richardson, had taken his departure for a  
few days of rest in the great metropolis of  
the west—Chicago.

L. N. Stickney, Esq., has removed his shoe  
shop from Darling's store building to the  
little red shop two doors south, which he has  
repaired and refitted so that it makes a very  
cozy place of business.

Gen. B. D. Pritchard, President of the  
Soldiers and Sailors Association of South-  
western Michigan, has appointed Major G.  
W. Lawton as a member of the finance com-  
mittee of the association.

Burglary at Lawrence last Sunday night in  
the store of Messrs. Sweet & Bass. The bur-  
glars drilled their way into their safe and  
obtained half a dollar for their labor.  
Not very remunerative work.

On Wednesday last Miss Althea Fales made  
complaint that John Burns had assaulted  
her. Johnny was arraigned before Esq.  
Galligan and pled guilty. The court as-  
sessed him \$4.50 and told him to go and sin  
no more.

In our last week's account of the Lawton  
graduating exercises, one of the orations was ac-  
cidentally omitted. It was entitled "Emblems"  
and was nicely delivered by G. W. Cornish  
who, in conclusion, paid a fine tribute to our  
national flag.

We call attention to the change of time on  
the Narrow Gauge. The forenoon train  
leaves at 10:30, half an hour earlier than be-  
fore, and leaves Lawton at 11:35. At Law-  
rence the morning train leaves at 9:30 and  
the evening train at 5:00.

A complaint was made against Robert  
Shields of Gobles, on Monday last, charging  
him with keeping his bar open after nine  
o'clock in the evening. He was arraigned  
before Justice Warner, and his trial set for  
Tuesday morning, June 26th.

At the annual examination of A. B. Brown's  
school for boys and young men in Detroit,  
on Tuesday of last week, the gold medal  
awarded for regular attendance, excellent  
conduct and high scholarship, was won by  
Master Wm. R. Sellick, son of W. J. Sellick  
of this village.

While on his way home from the Medical  
Association at St. Paul, Dr. Andrews was  
taken severely ill and has been detained at  
Milwaukee, unable to travel. At latest ad-  
vices he was a little better, but still very  
weak. We hope he may recover very soon.  
His wife, of course, is with him.

W. W. Hodge recently sheared his fourteen  
thoroughbred merino ewes, two of them a  
year old, and found they averaged him a yield  
of wool of 13 lbs., 6 1/2 oz. each. One of his  
yearlings sheared 17 1/2 lbs., with the carcass  
weighing but 65 lbs., while the other gave  
12 1/2 lbs. of wool from a 48 lb. carcass. Who  
can beat it?—Sentinel.

On Wednesday last the Pros. Att'y made a  
complaint against Geo. W. Myers of Gobles-  
ville, a druggist at that place, for doing busi-  
ness without having filed the requisite bond.  
Mr. Myers on being arraigned pleaded guilty  
and was fined \$25 and costs. He says his  
bond was properly executed but not filed be-  
cause it was forgotten. Mrs. M. himself gave  
the information on which the complaint was  
based.

The two DeLongs (Ab. and Roy) went  
fishing at Pugsley's lake the other day. The  
wind was strong and the waves rolled terri-  
bly, the boat was swamped and went down  
with all on board, but fortunately no lives  
were lost, for a safety boat lying near shore  
was immediately secured by a friend who  
came to their rescue. They returned home,  
cold, wet, tired, hungry, discouraged and  
flashed. Remember the old adage, boys.

"There's many a slip 'twixt the cup and  
the lip," and the narrow gauge has slipped  
from the grasp of Bangor into that of Hart-  
ford. Bro. Earle you may take our rooster  
too. Enquire at the Advance office in  
Bangor.

The Dakota Pioneer, published at Aber-  
deen, Dak., in its last issue contains a short  
sketch concerning our friend S. W. Dun-  
combe, Register of the Land Office at that  
place. It speaks words of commendation  
for Mr. D., but Bro. Pioneer they are all  
true and much more of the same nature  
could be truthfully said respecting him.

The Hartford School Board want their  
Principal to sweep out, build the fires and  
chop wood. Whether he is expected to board  
around and do chores for his board is not  
stated. That kind of puttering may do for  
a little place like Hartford, but Lawrence,  
Breedsville, Covert, and many of the country  
districts outgrow those backwoods customs  
years ago.—Reflector.

On the day of the re-union at Four Mile  
Lake, a young lad giving his name as Abram  
Winters, obtained from Frank Osborne, a  
little son of LeRoy Osborne's, under threats  
of personal violence, the sum of forty cents.  
He was arrested and brought before Esq.  
Mason, charged with larceny. The Squire  
holds his case under consideration to give  
Mr. Van Aken an opportunity to investigate  
the parentage and surroundings of the boy.  
If he deems it advisable the lad will be sent  
to the Reform School at Lansing.

On Friday last when the water from the  
race was turned into the cisterns, or attempt-  
ed to be, it refused to flow. Men were set  
to digging, and found the pipe clogged with  
old pieces of carpet which had been used to  
stop the end of the pipe and shut off the  
water. It was also found that the tile had  
not been laid below the line of frost, and so  
the whole pipe was taken up and relaid. It  
is to be hoped it is well done this time, and  
we think it is, for this doing work the second  
time is a clear loss to the taxpayers, and  
could all be saved by doing it as it should be  
at first.

Mrs. C. M. Douglas, of Stover, Antrim Co.,  
formerly of this county, one of the old  
friends of the NORTHERNER, has written us a  
letter from which we condense the following:  
"We have been here for a year and like the  
country very much. Notwithstanding the  
backward spring, crops look well. No cry of  
hard times is heard, and no one has much to  
say about the bond-holder and money-lender  
and we elect the old Republican ticket every  
time. Our lakes abound in fish and tourists  
have begun to kill time by drowning angle-  
worms. Quick & Co. are doing a good busi-  
ness at Bellaire. The Nixon Bros. have re-  
fitted their store and are putting on business  
airs. Mr. Rodenbaugh is running a tem-  
perance drug store at Mancelona. We  
would say to friends who are struggling with  
debt and blaming the government, sell out  
and come north and live out, instead of  
dragging out, the remainder of your days."

Duncombe, Stearns & Co. will turn over a  
new leaf on the first of July next. Kirk W.  
Noyes, the Squire, has purchased a one-  
third interest in the business, and hereafter  
his "genial phiz" will be seen in and about  
the "Model Store." This is not Kirk's first  
experience in mercantile life, and he will  
doubtless take naturally to the work. Mr.  
Stearns will go to Aberdeen, Dakota, in a few  
days where they intend to locate another  
store, which they expect to make the "Model  
Store" of Dakota. Another new feature in  
their business is that hereafter they will do a  
strictly cash business, giving no credit, but  
adopting the motto: No cash, no trade.  
This would seem to be a good plan, as it  
will enable them to sell goods much cheaper  
than they could heretofore, giving to their  
customers the benefit of what they would  
inevitably lose under the credit system by  
bad debts, slow accounts, book-keeper's  
salary, etc. We wish them all success in  
their new ventures.

HOW THE SCHOONER GOT ITS NAME.—The  
year 1713 was a great era in American naval  
annals. In that year Captain Andrew Robin-  
son built the first schooner ever seen. As  
she glided into the water, a by-stander cried:  
"Look, how she schoons!" Catching at the  
word, Captain Robinson replied, "A schooner  
let her be!" The new rig came at once into  
wide acceptance. Only eight years later an  
old chronicler, Dr. Moses Prince, wrote of  
Captain Robinson: "This gentleman was  
first contriver of schooners, and built the  
first of that sort about eight years since; and  
the use now made of them, being so much  
known, has convinced the world of their con-  
venience beyond all question, and shows  
how mankind is obliged to this gentleman  
for this knowledge. This is by no means  
the only instance of the adoption of Ameri-  
can marine inventions by other nations.—S.  
G. W. Benjamin, in the July CENTURY.

"Go West, young man, go West," is what  
the sage philosopher, Greeley, said; and he  
might well have added, "Go West over the  
Chicago & North Western Road," as its lines  
west and northwest from Chicago can take  
you to almost every important point in Iowa,  
to Council Bluffs, Omaha and all points be-  
yond, to Northern Illinois, Wisconsin, North-  
ern Michigan, Minnesota and Dakota, and to  
St. Paul, Minn., and all points beyond.
